

November 18, 2004

The Honorable Marjorie Mahar DerGurahian
President, Troy City Council
City Hall
One Monument Square
Troy, NY 12180

Dear President DerGurahian,

I am writing to express my enthusiastic support of the City of Troy's ongoing cable franchise negotiations with Time Warner. I believe a successful completion of these negotiations will generate several benefits for the City of Troy, including:

- Extensive technology infrastructure and improved access for residents and businesses.
- Better connectivity at a lower cost for municipal government, public schools, police and firefighters, libraries and other organizations that are heavy users of local and long distance telephone, Internet and other communications services.
- An Institutional Network (I-Net) allows entities like schools, libraries, and public safety groups to better communicate and share information with one another and the public. The I-Net will also allow institutions to use access channels on the cable system for outreach to citizens.
- A community media center will help develop a workforce and citizenry with advanced communication skills and support widespread collaborative opportunities within the community.

As your constituent, I am asking you to support the cable negotiations and bring about these positive changes for the City of Troy. Thank you.

Sincerely,

November 18, 2004

The Honorable Harry Tutunjian
Mayor, City of Troy
City Hall
One Monument Square
Troy, NY 12180

Dear Mayor Tutunjian,

I am writing to express my enthusiastic support of the City of Troy's ongoing cable franchise negotiations with Time Warner. I believe a successful completion of these negotiations will generate several benefits for the City of Troy, including:

- Extensive technology infrastructure and improved access for residents and businesses.
- Better connectivity at a lower cost for municipal government, public schools, police and firefighters, libraries and other organizations that are heavy users of local and long distance telephone, Internet and other communications services.
- An Institutional Network (I-Net) allows entities like schools, libraries, and public safety groups to better communicate and share information with one another and the public. The I-Net will also allow institutions to use access channels on the cable system for outreach to citizens.
- A community media center will help develop a workforce and citizenry with advanced communication skills and support widespread collaborative opportunities within the community.

As your constituent, I am asking you to support the cable negotiations and bring about these positive changes for the City of Troy. Thank you.

Sincerely,

November 18, 2004

The Honorable Joseph L. Bruno
Majority Leader
New York State Senate
Room 909 Legislative Office Building
Albany, NY 12247

Dear Senator Bruno,

I am writing to express my enthusiastic support of the City of Troy's ongoing cable franchise negotiations with Time Warner. I believe a successful completion of these negotiations will generate several benefits for the City of Troy, including:

- Extensive technology infrastructure and improved access for residents and businesses.
- Better connectivity at a lower cost for municipal government, public schools, police and firefighters, libraries and other organizations that are heavy users of local and long distance telephone, Internet and other communications services.
- An Institutional Network (I-Net) allows entities like schools, libraries, and public safety groups to better communicate and share information with one another and the public. The I-Net will also allow institutions to use access channels on the cable system for outreach to citizens.
- A community media center will help develop a workforce and citizenry with advanced communication skills and support widespread collaborative opportunities within the community.

As your constituent, I am asking you to support the cable negotiations and bring about these positive changes for the City of Troy. Thank you.

Sincerely,
